CIP-11 (ES)  
REGULADO PARA  
GAS NATURAL  
130 - 30 mbar

The control panel is a white, teardrop-shaped unit. It features two rotary knobs. The upper knob is marked with a red arc and a flame icon, indicating the temperature control. The lower knob is marked with a blue arc and a flame icon, indicating the gas pressure control. Between the two knobs, there are two small indicator lights. The brand name 'CINTRA Godesia' is printed in the center of the panel.
